

Solar Roof Overview

Replace your existing roof or install a brand new roof with beautiful tiles and power your home with clean solar energy for decades to come.

Beautiful Aesthetic

Produce your own clean energy with no aesthetic compromise to your home.

Easy Installation

Order Solar Roof in minutes and we'll take care of the rest, from design to installation.

Maximum Durability

Made with tempered glass, Solar Roof tiles are three times stronger than standard roofing tiles.

Extra Insulation

Keep your home cool with insulating underlayment and integrated air gaps.

All-Weather Protection

Combine Solar Roof with Powerwall for continuous power when the grid goes down.

25-Year Warranty

Enjoy a 25-year roof warranty covering design, material, weather and workmanship.
